

Description

Precision Brand Square Key Steel 7/32x7/32" Imperial Steel is designed for precise coupling and secure alignment of mechanical components. Fabricated from C1018 steel, it provides consistent performance for assembly processes. The product incorporates integral hardware that supports straightforward installation and effective component positioning. This key steel offers practical technical advantages, making it a valuable solution for trade professionals seeking dependable mechanical linkage in precision applications.

Features

- Constructed from durable C1018 steel for reliable performance
- Precision engineered dimensions ensure accurate fit each time
- Silver finish adds clarity and easy product identification
- Engineered for precision in intricate lock systems
- Hardware supplied ensures ready-to-use installation
- Standard imperial dimensions allow accurate part replacement
- Designed for secure keying in critical locking mechanisms
- Produced under strict tolerances for precise key engagement

Product Code: KS7/32X7/32

Specifications

| | |
|---------------------|-------------|
| Outdoor Use | No |
| Indoor Use | Yes |
| Hardware Included | Yes |
| Appearance | |
| Product Colour | Silver |
| Construction | |
| Product Material 1 | C1018 Steel |

Weights

| | |
|------------------------|---------|
| Product Weight (grams) | 74.09 |
| Product Weight (kg) | 0.07409 |

Dimensions

| | |
|---------------------|---------|
| Squared (IN) | 7/32 SQ |
| Product Length (IN) | 12" |
