

Description

Precision Brand Square Key Steel 7/8x7/8" Imperial Steel is a precision-engineered product constructed from 303/304 stainless steel with a silver finish. It is designed for indoor use and includes all required hardware, measuring in Imperial units. The square design provides accurate alignment and robust performance in key applications, offering dependable strength and ease of installation for trade professionals. Its consistent construction and precise dimensions ensure reliable operation during tasks requiring precise keying solutions.

Features

- Crafted from durable 303/304 stainless steel
- Silver finish provides clean modern appearance
- Precision design ensures accurate fit and function
- Square profile delivers robust key performance
- Hardware components included enable easy setup
- 7/8 x 7/8 inch dimensions support precise applications
- Engineered for reliable long-term indoor use
- Built to meet technical performance specifications

Product Code: KS7/8X7/8SS

Specifications
