

Description

Precision Brand Rectangle Key Steel 8x12mm Metric Steel is crafted from C1020 to C1045 steel and features a gold finish, providing clear accuracy in keying applications. It is engineered for use in mechanical systems and machinery components, making it a valuable tool for trade and industrial professionals. The product offers dependable performance for indoor settings, while the supplied hardware facilitates secure assembly and integration into technical infrastructures.

Features

- Manufactured in durable C1020 to C1045 steel
- Refined gold finish for clear visual recognition
- Designed specifically for indoor applications
- Precision cut for exact key dimensions
- Includes essential hardware for complete installation
- Metric sizing offers consistent compatibility with standard fittings
- Precision brand quality ensures reliable performance
- Robust construction ensures long service life

Product Code: KS8X12MM

Specifications

Outdoor Use	No
Indoor Use	Yes
Hardware Included	Yes
Appearance	
Product Colour	Gold
Construction	
Product Material 1	C1020 to C1045 Steel

Weights

Product Weight (grams)	235
Product Weight (kg)	0.235

Dimensions

Product Height (mm)	8
Product Width (mm)	8
Product Length (mm)	12

Specifications

Unit of Measure	Metric
