

Description

Precision Brand Square Key Steel 8x8mm Metric Steel is a gold key steel product manufactured from C1020 to C1045 steel and comes with hardware for secure assembly applications. It is designed for indoor use and offers dependable performance for professionals in industrial and trade sectors. The product's precise metric dimensions and robust construction support effective operations and consistent technical reliability in various professional assembly and construction processes.

Features

- Constructed from C1020 to C1045 high quality steel
- Gold finish adds distinct appearance and easy identification
- Precisely fabricated to metric 8x8mm dimensions
- Includes complete hardware for straightforward installation
- Engineered for accurate and reliable key performance
- Measured precisely using metric units for consistent sizing
- Built to high standards for dependable operation
- Focuses on performance with modern robust design features

Product Code: KS8X8MM

Specifications

Outdoor Use	No
Indoor Use	Yes
Hardware Included	Yes
Appearance	
Product Colour	Gold
Construction	
Product Material 1	C1020 to C1045 Steel

Weights

Product Weight (grams)	155
Product Weight (kg)	0.155

Dimensions

Product Height (mm)	8
Product Width (mm)	8
Product Length (mm)	8
