

Description

Precision Brand Square Key Steel 8x8mm Metric Stainless Steel is a robust key steel manufactured from 303/304 stainless steel with a stable silver finish. It is designed for precise application in technical and trade settings, offering consistent performance when utilised with the provided hardware. Its metric measurements ensure exact compatibility with standard components, making it a reliable solution for professionals who require dependable and well-engineered key steel in controlled environments.

Features

- Constructed from 303/304 stainless steel ensures corrosion resistance
- Precision engineered for consistent performance in key applications
- Polished silver finish designed for tight mechanical tolerances
- Hardware components included for versatile assembly configurations
- Key dimensions are 8x8 mm metric for precise fittings
- Sturdy build supports direct application in secure mechanisms
- Engineered for tight tolerances in dimensional consistency
- Precision Brand design delivers enduring reliability and precise fit

Product Code: KS8X8MMSS

Specifications

Outdoor Use	No
Indoor Use	Yes
Hardware Included	Yes
Appearance	
Product Colour	Silver
Construction	
Product Material 1	303/304 Stainless Steel

Weights

Product Weight (grams)	155
Product Weight (kg)	0.155

Dimensions

Product Height (mm)	8
Product Width (mm)	8
Product Length (mm)	8

Specifications

Unit of Measure	Metric
