

Description

Colson 125mm Bolt Hole Swivel P6 Series Castor 100kg is a well-engineered castor suited for applications requiring reliable manoeuvrability in controlled indoor settings. The design features a polypropylene wheel core and durable rubber wheel that provides smooth movement. Constructed with a robust polyamide 6 housing and precision steel bearings, it offers controlled rotation and stability, supporting a load capacity of 100kg. Its bolt hole fitting allows for secure integration with various platforms in industrial and trade environments.

Features

- Precision bearings support smooth swivel movement
- Rubber wheel provides reliable floor protection
- Polyamide housing offers enhanced structural integrity
- Steel bearings deliver accurate rotational performance
- Single raceway optimises caster stability
- Bolt hole fitting simplifies secure caster installation
- Intended for indoor use with precise manoeuvring
- 125mm wheel diameter supports 100kg load capacity

Product Code: P61AP74K125

Specifications

Outdoor Use	No
Indoor Use	Yes
Bearing Type	Precision Bearing
Raceway Type	Single
Fitting Type	Bolt Hole

Appearance

Product Colour	Grey
----------------	------

Construction

Wheel Core Material	Polypropylene
Wheel Material	Rubber
Housing Material	Polyamide 6
Bearing Material	Steel

Dimensions

Product Length mm	460
Product Width mm	440
Product Height mm	134
Wheel Diameter	125
Tread Width mm	32
Finish Height mm	162
