

## Description

SIT Steel Crimped End Brush 24mm x M6 is a precision-engineered tool for cleaning, deburring, and surface preparation tasks. It is designed with durable steel construction and operates at speeds up to 4500 rpm for reliable performance in both indoor and outdoor settings. Its robust design and efficient operation provide trade professionals with a dependable solution for maintenance and processing applications.

## Features

- Steel brush material ensures lasting abrasion resistance
- Crimped cup design supports controlled and even brushing
- Suitable for outdoor and indoor cleaning tasks
- Maximum 4500 rpm for fast material processing
- Robust steel wire style supports heavy usage
- Silver finish offers visible wear and quality distinction
- Engineered for reliable performance in varied cleaning applications
- Precision crafted design supports durable and efficient operation

## Dimensions

Mounting Size (mm) 6

## Weights

Product Weight (kg) 0.065

Product Weight (grams) 65

**Product Code: RBP24G**

## Specifications

Outdoor Use	Yes
Indoor Use	Yes
Hardware Included	No
Max RPM	4500
Wire Style	Crimped Wire

## Appearance

Product Colour Silver

## Construction

Brush Material Steel
