

Description

Easyroll 100mm White Nylon Fixed Plate S5 Series Castor 220kg is designed for precise mobility in professional applications. It features a precision bearing system in combination with a polypropylene wheel core, polyurethane wheels and a robust steel housing. The fixed plate and plate mount fitting offer reliable performance and durability. The castor is engineered to support smooth, controlled movement for trade professionals who require consistent, practical solutions.

Features

- Durable steel housing ensures reliable support under load
- Polyurethane wheels provide smooth rolling performance
- Precision bearing for controlled accurate motion
- Nylon wheel type minimises friction and wear
- Solid plate mount ensures secure installation
- Robust polypropylene wheel core for lasting performance
- Brand Easyroll known for precise mechanical engineering
- Fixed plate design simplifies maintenance and replacement

Product Code: S53AS48R100

Specifications

Outdoor Use	No
Indoor Use	No
Bearing Type	Precision Bearing
Raceway Type	N/A
Attachments	Plate Rigid
Appearance	
Product Colour	White/Silver
Construction	
Wheel Core Material	Polypropylene
Wheel Material	Polyurethane
Housing Material	Steel
Bearing Material	Bearing Steel

Weights

Product Weight (grams)	570
Product Weight (kg)	0.57
Load Capacity kg	220.0

Dimensions

Product Length mm	135
Product Width mm	58
Product Height mm	128
Wheel Diameter	125
Tread Width mm	33
Mounting Hole Dimensions mm	18x9
Plate Dimensions mm	100x85
