

Description

Easyroll 200mm Urethane SC Series Castor 820kg is a scaffold castor engineered for precise manoeuvrability and efficient movement of equipment in professional settings. Its durable construction includes a steel housing, carbon steel bearings and a urethane wheel with a nylon core, supported by a dual raceway design. The dual pedal brake system and threaded stem fitting ensure secure handling and dependable load-bearing performance, making it valuable for trade professionals in various applications.

Features

- Dual raceway design for reliable manoeuvrability
- Threaded stem fitting provides secure attachment for installation
- Urethane wheel construction withstands demanding operational requirements
- Dual pedal brake system enables precise braking control
- Nylon core wheels enhance performance under various conditions
- Engineered for smooth indoor and outdoor usage
- Urethane castors provide optimal rolling efficiency on hard surfaces
- 820kg load capacity for heavy duty material handling

Product Code: SCAF200PNGTS

Specifications

Outdoor Use	Yes
Indoor Use	Yes
Raceway Type	Dual
Brake Type	Dual Pedal
Fitting Type	Threaded Stem

Appearance

Product Colour	Red/White
----------------	-----------

Construction

Wheel Core Material	Nylon
Wheel Material	Urethane
Housing Material	Steel
Bearing Material	Carbon Steel

Dimensions

Product Length mm	350
Product Width mm	410
Product Height mm	770
Wheel Diameter	200
Tread Width mm	50
Finish Height mm	165
