

Description

Precision Brand Steel Shim in a Box 6"x100"x0.003" 1008 to 1010 Steel is a shim roll enclosed in a box designed for precise measurement adjustments in various technical applications. The silver shim, constructed from 1008 to 1010 full hard steel, delivers consistent dimensional accuracy using imperial units. It is intended for professionals in industrial and trade settings, supporting reliable and repeatable alignment adjustments in systems and machinery.

Features

- Made from robust 1008 to 1010 full hard steel
- Shim roll provided in convenient protective box packaging
- Silver finish supports clear identification and quality verification
- Compact dimensions allow precise adjustments and positioning
- Manufactured using Imperial unit measurements for accuracy
- Consistent material properties ensure reliable and repeatable performance
- Precise shimming enhances alignment in mechanical assemblies
- Engineered for tight tolerances and dependable performance

Product Code: SHIM16245

Specifications

Outdoor Use	No
Indoor Use	Yes
Hardware Included	No
Unit of Measure	Imperial

Appearance

Product Colour Silver

Construction

Product Material 1 1008 to 1010 Full Hard Steel
