

## Description

Precision Brand Steel Shim in a Box 6"x100"x0.005" 1008 to 1010 Steel is a shim roll designed for precise alignment tasks in machinery and equipment. Made of 1008 to 1010 full hard steel, its silver finish and imperial measurements provide consistent control for gap management and component adjustment. The product offers reliable dimensional accuracy, ensuring efficient assembly and maintenance operations for trade professionals.

## Features

- Hard 1008 to 1010 steel roll for precise shimming
- Compact box design ensures simple organised shim storage
- Shim roll dimensions provide reliable measurement in Imperial units
- Silver finish offers clear visual indicator of quality
- Engineered for ease of handling and precise alignment
- Designed for tight tolerances with uniform shim thickness
- Integrated roll system enhances efficiency in measuring shims
- Precision processing ensures uniform performance across all shims

**Product Code: SHIM16320**

## Specifications

Outdoor Use	No
Indoor Use	Yes
Hardware Included	No
Unit of Measure	Imperial

## Appearance

Product Colour      Silver

## Construction

Product Material 1      1008 to 1010 Full Hard Steel

## Weights

Product Weight (grams)	435.46
Product Weight (kg)	0.43546

## Dimensions

Product Width (IN)	6
Product Length (IN)	100
Thickness (mm)	0.127
Thickness (IN)	0.005
Tolerance (mm)	+/- .013
