

Description

Precision Brand Steel Shim in a Box 12"x120"x0.012" 1008 to 1010 Steel is a precisely engineered shim roll designed for effective gap management in assembly tasks.

Constructed from hard steel with a silver finish, it ensures consistent performance and reliability in precision setups. The product provides a practical solution for making fine adjustments, helping professionals achieve tight tolerances and alignment in various measurement-sensitive applications using imperial units.

Features

- Shim roll stored in a compact box design
- Constructed from 1008 to 1010 full hard steel
- Supports precise alignment through accurate thickness control
- Fixed dimensions 12 x 120 x 0.012 inches
- Silver finish provides a clean modern look
- Eases measurement adjustments in technical setups
- Enhances alignment accuracy during precision assembly
- Reliable design for efficient repeatable adjustments

Product Code: SHIM16490

Specifications

Outdoor Use	No
Indoor Use	Yes
Hardware Included	No
Unit of Measure	Imperial

Appearance

Product Colour	Silver
