

Description

Precision Brand Steel Shim in a Box 12"x120"x0.020" 1008 to 1010 Steel is a precise engineering component designed to offer adjustable shimming for accurate alignment in various trade applications. Made from 1008 to 1010 full hard steel, it provides consistent thickness and durability, ensuring reliable performance in tasks requiring meticulous spacing. The silver finish enhances its visual clarity during measurement and placement, while the Imperial unit of measure supports straightforward and effective use in practical settings.

Features

- Constructed from 1008 to 1010 full hard steel
- Designed as a compact shim roll in a box
- Silver finish improves visual clarity and handling
- Precise 12"x120"x0.020" dimensions for accurate shimming
- Box design supports quick selection and easy storage
- PRECISION BRAND product offers repeatable shimming accuracy
- Crafted for reliable dimensional consistency and performance
- Provided in Imperial unit measure for straightforward use

Product Code: SHIM16600

Specifications

Outdoor Use	No
Indoor Use	Yes
Hardware Included	No
Unit of Measure	Imperial

Appearance

Product Colour Silver

Construction

Product Material 1 1008 to 1010 Full Hard Steel

Weights

Product Weight (grams)	4,209.41
Product Weight (kg)	4.20941

Dimensions

Product Width (IN)	12
Product Length (IN)	120
Thickness (mm)	0.508
Thickness (IN)	0.025
Tolerance (mm)	+/- .045
