

Description

Precision Brand Shim Assortment Kit 0.001" 0.015" 1008 to 1010 Steel 1- 2 Piece is a complete set designed for precise adjustments and alignment tasks in controlled environments. Its full hard steel construction and Imperial measurement compatibility provide robust dimensional stability and accuracy. The kit supports a range of technical fitting operations, ensuring that industrial and trade professionals achieve consistent, reliable results during detailed assembly and calibration processes.

Features

- Manufactured using 1008 to 1010 full hard steel composition
- Shim kit offers thickness increments from 0.001 to 0.015 inches
- Silver appearance enhances component visibility in working environments
- Dimensions based on imperial unit measurements for precise fit
- Engineered specifically for indoor assembly and adjustment tasks
- Design ensures alignment accuracy during fixture installations
- High grade steel construction assures durability under frequent use
- Ideal assortment kit for precise gap adjustments and alignments

Product Code: SHIM16680
