

Description

Precision Brand Brass Shim 6"x100"x0.006" is a brass shim roll in a box designed for precise gap adjustments during assembly and maintenance tasks. Made from 260 Half Hard Brass, it offers a consistent shim thickness of 0.006 inches and reliable durability for both indoor and outdoor tasks. This product delivers accurate spacing for trade professionals, aiding in the alignment and installation of machinery and structural components.

Features

- Constructed from 260 half hard brass for durability
- Designed for indoor and outdoor performance
- Packaged in a compact box for easy storage
- Box roll ensures precise alignment in assemblies
- Brass finish offers robust corrosion resistant performance
- Standard imperial measurements provide clear consistent sizing
- Engineered for precision fit in mechanical adjustments
- Quality brass shim facilitates accurate spacing during assembly

Product Code: SHIM17330
