

## Description

Precision Brand Brass Shim 12"x120"x0.020" is manufactured from 260 Half Hard Brass and is enclosed in a compact box for convenient storage and handling. It offers robust and consistent performance for alignment adjustments and precise spacing applications in professional settings. The brass material provides durability and reliable operation, while the controlled dimensions ensure reproducibility and accuracy, making it a practical solution for trade professionals seeking dependable precision and ease of installation.

## Features

- Crafted from 260 half hard brass for robust performance
- Brass finish offers reliable corrosion resistance indoors and outdoors
- Roll in a box design simplifies storage and precise application
- Imperial sizing ensures accurate fit for alignment tasks
- Boxed packaging allows efficient usage and inventory management
- Designed for straightforward handling during installation and adjustments
- Engineered for precise measurement and consistent shim thickness
- Precision design delivers high alignment and measurement accuracy

**Product Code: SHIM17428**

## Specifications

Outdoor Use	Yes
Indoor Use	Yes
Hardware Included	No
Unit of Measure	Imperial

## Appearance

Product Colour	Brass
----------------	-------

## Construction

Product Material 1	260 Half Hard Brass
--------------------	---------------------

## Weights

Product Weight (grams)	4,458.89
Product Weight (kg)	4.45889

## Dimensions

Product Width (IN)	12
Product Length (IN)	120
Thickness (mm)	0.508
Thickness (IN)	0.02
Tolerance (mm)	+/- .045
