

Description

Precision Brand Brass Shim 6"x100"x0.015" CDA 260 Alloy is a durable shim roll in a box engineered for precise adjustment tasks. Constructed with 260 Half Hard Brass, it offers accurate measurement alignment and reliable performance for trade professionals. Designed with both indoor and outdoor use in mind, it ensures ease of application and consistency in technical setups where precision is paramount. Its straightforward build supports effective dimensional adjustments with confidence and clarity.

Features

- Manufactured from 260 half hard brass for reliable performance
- Precision Brand quality ensures consistency in dimensions and alignment
- Brass material provides excellent corrosion resistance and longevity
- Box packaging delivers a compact roll-ready design
- Intended for indoor and outdoor practical applications
- Imperial unit measurements facilitate precise adjustments on site
- Simple design streamlines installation and adaptation in various systems
- Consistent shim thickness aids accurate spacing and part support

Product Code: SHIM17475
