

Description

Precision Brand Shim in a Box 12"x50"x0.002" 302 Stainless Steel offers a reliable solution for achieving precise gap adjustments in maintenance and assembly projects. The product features a silver 302 stainless steel composition with imperial measurements for exact replication. Neatly organised within a compact box, it supports accurate alignment and controlled spacing in technical applications. Designed to simplify measurement processes, it provides consistency and durability essential for professionals.

Features

- Compact roll design with integrated storage box
- Precision 302 stainless steel for reliable performance
- Consistent shim thickness at 0.002 inches
- Standardised 12 inch by 50 inch dimensions
- Durable silver finish resists corrosion
- Suitable for both indoor and outdoor use
- Engineered for accurate adjustment in maintenance tasks
- Ready-to-use design improves setup efficiency

Product Code: SHIM22160
