

Description

Precision Brand Shim in a Box 12"x50"x0.003" 302 Stainless Steel is a precision-engineered shim roll designed for exact spacing requirements. This product consists of 302 stainless steel with a silver finish, providing a controlled and repeatable solution for precise level adjustments in various settings. Its compact packaging ensures ease of dispensing and measurement for professionals, facilitating accurate and efficient alignment processes in technical applications across trade tasks.

Features

- Precision 302 stainless steel construction offers reliable durability
- Compact box design secures organised shim storage
- Accurate dimensions 12x50x0.003 inch for consistent performance
- Easy identification design streamlines precise shim selection
- Silver finish enhances visibility and operational clarity
- Imperial unit measurements support technical precision
- Robust construction promotes long term, low maintenance performance
- Precision Brand quality ensures dependable shim roll operation

Product Code: SHIM22185
