

## Description

Precision Brand Shim in a Box 12"x50"x0.004" 302 Stainless Steel is a precision shim roll system constructed from 302 stainless steel with a silver finish. Designed to deliver accurate gap adjustments, it is suited for technical applications where reliable alignment is essential. The compact, roll-based design provides efficient spacing solutions that enable professionals to achieve precise measurements. Its robust construction benefits industrial and trade professionals seeking consistent performance in demanding installation tasks.

## Features

- Constructed from 302 stainless steel for durability
- Shim roll dimensions measure 12 inch by 50 inch
- Precise 0.004 inch thickness for controlled spacing
- Compact box design streamlines storage and handling
- Robust silver finish resists wear and environmental effects
- Easily stackable roll box for efficient workspace organisation
- Engineered for repeatable measurements with consistent accuracy
- Ideal unit of measure in the Imperial system

**Product Code: SHIM22205**

## Specifications

Outdoor Use	Yes
Indoor Use	Yes
Hardware Included	No
Unit of Measure	Imperial

## Appearance

Product Colour	Silver
----------------	--------

## Construction

Product Material 1	302 Stainless Steel
--------------------	---------------------

## Weights

Product Weight (grams)	430.92
Product Weight (kg)	0.43092

## Dimensions

Product Width (IN)	12
Product Length (IN)	50
Thickness (mm)	0.102
Thickness (IN)	0.004
Tolerance (mm)	+/- .010
