

Description

Precision Brand Shim in a Box 12"x50"x0.010" 302 Stainless Steel is a compact set of shim rolls constructed from high-quality 302 stainless steel. It provides consistent spacing solutions for alignment tasks in maintenance, assembly and construction settings. The product's silver finish and precise imperial measurements ensure accuracy during application. Its versatile and durable design offers practical benefits for trade professionals, supporting efficient adjustments and reliable performance in varied operational environments.

Features

- Compact design within a box for ease of storage
- Precision engineered with durable 302 stainless steel construction
- Suitable for both indoor and outdoor operations
- Delivers consistent performance while maintaining tight tolerances
- Manufactured to meet industrial and trade professional specifications
- Silver finish for enhanced visibility during operation
- Measurements provided in imperial units for precise applications
- Easy use with a roll system that simplifies handling

Product Code: SHIM22330
