

Description

Precision Brand Shim in a Box 6"x50"x0.020" 302 Stainless Steel is a shim roll designed for precise alignment tasks in technical assemblies. It provides accurate gap adjustments to meet exact dimensional requirements in engineering projects. Fabricated from 302 stainless steel, the product ensures long-lasting performance for trade professionals. Its imperial measurements support standard design specifications, streamlining calibration and fit-out processes with a focus on technical accuracy and dependable assembly outcomes.

Features

- Constructed from 302 stainless steel for robust performance
- Precision roll design simplifies alignment and thickness calibration
- Compact silver finish provides clear visibility for usage
- Dimensions 6x50x0.020 ensure consistent shim thickness
- Engineered for outdoor and indoor performance in variable conditions
- Robust roll packaging protects shims during storage and handling
- Imperial measurements facilitate integration with existing systems
- Precision Brand quality backs a reliable shim roll solution

Product Code: SHIM22390

Specifications

Outdoor Use	Yes
Indoor Use	Yes
Hardware Included	No
Unit of Measure	Imperial

Appearance

Product Colour	Silver
----------------	--------

Construction

Product Material 1	302 Stainless Steel
--------------------	---------------------

Weights

Product Weight (grams)	997.92
Product Weight (kg)	0.99792

Dimensions

Product Width (IN)	6
Product Length (IN)	50
Thickness (mm)	0.508
Thickness (IN)	0.02
Tolerance (mm)	+/- .045
