

Description

Precision Brand Shim in a Box 6"x50"x0.025" 302 Stainless Steel is a compact shim roll designed for precise alignment and calibration tasks encountered in various professional applications. Constructed from durable 302 stainless steel and finished in silver, it provides accurate measurements in an imperial unit scale. The reliable design assists trade professionals in achieving consistent results, making it a functional tool for maintenance, repair and technical adjustment tasks.

Features

- Constructed from 302 stainless steel for lasting durability
- Compact box design offers efficient storage and organisation
- Precise shim roll with consistent thickness for accurate alignments
- Ideal for indoor and outdoor technical applications
- Silver finish enhances resistance to environmental wear
- Imperial unit measurements standardise integration and mechanical setup
- Effortless insertion supports rapid alignment and adjustments
- Engineered for precision that meets rigorous technical requirements

Product Code: SHIM22410
