

Description

Precision Brand Shim in a Box 6"x50"x0.031" 302 Stainless Steel is a precision tool engineered for accurate gap adjustment and alignment in technical projects. It is constructed from durable 302 stainless steel and designed in a compact format for ease of use in repair and assembly tasks. This product supports consistent measurements and reliable adjustments, providing value to trade professionals who require accuracy and efficient performance in their work processes.

Features

- Precision engineered shim roll in compact box
- Constructed from 302 stainless steel for enduring performance
- Silver finish enhances product visibility and handling
- Precise dimensions for consistent assembly and alignment
- Compact packaging simplifies storage and transport
- Engineered for indoor and outdoor use
- Offers precise shimming for accurate mechanical adjustments
- Maintains dimensional precision throughout extended service life

Product Code: SHIM22430
