

Description

Precision Brand Shim Assortment Kit 0.025 2.000mm 300 Stainless Steel - 100 Piece is a set of precisely engineered shim slots manufactured from durable 300 stainless steel with a silver finish. The kit provides reliable components for accurate spacing and alignment adjustments in various precision applications. Its metric dimensions support consistency in fitting tasks and offer value to trade professionals through improved precision and longevity in assembly and maintenance procedures.

Features

- Constructed from long lasting 300 stainless steel
- Precision slit slots offer accurate shimming
- Suitable for indoor outdoor applications
- Metric unit dimensions ensure precise fit
- Silver finish provides consistent aesthetics
- High dimensional stability ensures assembly precision
- Engineered for repeatable adjustments and proper alignment
- Rugged design supports frequent shimming tasks
