

## Description

Precision Brand Shim Assortment Kit 0.025 2.000mm 300 Stainless Steel - 100 Piece is designed as a range of precision shim slotted elements for use in measurement and calibration applications. Crafted from 300 stainless steel, the shims provide consistent dimensional accuracy for assembly and fine adjustment tasks. Their silver finish enhances corrosion resistance, and the metric measurements simplify integration into technical projects for trade professionals seeking reliable, accurate components for precise fitting.

## Features

- Constructed from 300 stainless steel for lasting strength
- Precision machined for accurate shimming in tight spaces
- Metric design allowing exact measurement and reliable adjustment
- Features a clean slotted profile for custom calibration
- Crafted in sleek silver finish for professional appearance
- Heat-treated process ensures dimensional stability during use
- Engineered for exact gap correction and alignment
- Designed for precision shim applications in assembly

## Weights

|                        |         |
|------------------------|---------|
| Product Weight (grams) | 4,159.6 |
| Product Weight (kg)    | 4.1596  |

## Dimensions

|                     |     |
|---------------------|-----|
| Product Width (mm)  | 100 |
| Product Length (mm) | 100 |

**Product Code: SHIM81965**

## Specifications

|                   |        |
|-------------------|--------|
| Outdoor Use       | Yes    |
| Indoor Use        | Yes    |
| Hardware Included | No     |
| Unit of Measure   | Metric |

## Appearance
