

Description

Easyroll Load Moving Skates 2000kg provide a practical solution for transferring heavy loads with precision. Their robust steel frame coupled with durable nylon load wheels enhances manoeuvrability indoors and outdoors. The green and white design is distinctive and easy to identify. Trade professionals benefit from the system's efficient load repositioning capabilities, which support smooth operations and improved safety during equipment handling.

Features

- Rated for loads up to 2000kg
- Heavy duty steel frame provides robust support
- Nylon wheels offer reliable movement on various surfaces
- Suitable for outdoor and indoor load handling
- Green and white finish enhances visibility
- Engineered for efficient manual load moving
- Durable construction minimises maintenance requirements
- Designed for precise manoeuvring of heavy loads

Product Code: SKATE2T

Specifications

Hardware Included	No
Outdoor Use	Yes
Indoor Use	Yes
Load Wheels	2

Appearance

Product Colour	Green/White
----------------	-------------

Construction

Wheel Material	Nylon
Frame Material	Steel

Dimensions

Product Height (mm)	90
Product Width (mm)	110
Product Length (mm)	330
Wheel Size (mm)	86x90

Weights

Product Weight (grams)	4,440
Product Weight (kg)	4.44
Load Capacity kg	2000.0
