

Description

Easyroll Aluminium Hand Trolley 225kg is a hand trolley designed for efficient load handling both indoors and outdoors. It features a robust aluminium frame, smooth-operating ball bearing wheels and a high weight capacity, providing a practical solution for moving heavy items. The design and materials support reliable performance in daily operational tasks, offering trade and industrial professionals a dependable tool for manoeuvring loads with precision and ease.

Features

- Rugged aluminium frame for durability and lightweight handling
- Precise ball bearing design enables smooth manoeuvring
- Suitable for both indoor and outdoor operations
- Supports a load capacity of 225kg
- Silver finish adds a professional appearance
- Engineered for reliable performance in transport tasks
- Compact design saves space in busy work environments
- Robust build ensures long service life under demanding use

Product Code: TALT250

Dimensions

Product Height (mm)	1200
Product Width (mm)	450
Product Length (mm)	500
Handle Height (mm)	1270
Toe Plate Dimensions (mm)	457x178

Weights

Product Weight (kg)	9
Load Capacity (kg)	250.0
