

## Description

Easyroll All Terrain Dolly 150kg. This all terrain dolly provides reliable load handling for trade professionals. Its construction utilises rubber, plywood clamp, and steel components combined with a ply wood deck and rubber wheels. The inclusion of ball bearing assemblies ensures smooth movement while the steel wheel core enhances durability and load control. Hardware is included to support straightforward assembly and efficient performance in trade settings requiring dependable transport.

## Features

- All terrain dolly with robust rubber and plywood clamp
- Durable steel frame supports heavy loads up to 150kg
- Ball bearing wheels ensure smooth manoeuvrability on any surface
- Rubber wheels and core provide superior grip and traction
- Plywood deck offers a sturdy and reliable load platform
- Engineered with steel wheel core and bearing steel bearings
- Easy assembly with hardware included for quick setup
- Designed for versatile indoor and outdoor use in green/black

**Product Code: TATD150**

## Specifications

Hardware Included	Yes
Outdoor Use	Yes
Indoor Use	Yes
Assembly Required	No
Bearing Type	Ball Bearing

## Appearance

Product Colour	Green/Black
----------------	-------------

## Construction

Deck Material	Ply wood
Wheel Core Material	Steel
Wheel Material	Rubber
Bearing Material	Bearing Steel

## Dimensions

Product Length mm	1070
Product Width mm	600
Product Height mm	320
Swivel Radius mm	1200
Deck Thickness (mm)	17

## Weights

Product Weight (kg)	18
Load Capacity kg	150.0
