

Description

Easyroll All Terrain No Mat Dolly 150kg is a practical dolly designed for transporting heavy loads across different terrains, both indoors and outdoors. It is constructed using plywood, steel and rubber to provide a stable platform for moving equipment, furniture and supplies. The dolly supports up to 150 kg and is compatible with securing straps, making it a valuable tool for a wide range of DIY projects.

Features

- Built with steel, plywood and rubber for rugged, durable transport.
- Suitable for indoor and outdoor use on various challenging surfaces.
- Engineered robustly for heavy loads with dependable 150kg capacity assurance.
- Optimised design facilitates efficient transport of furniture and other equipment.
- Compatible with straps, ensuring secure cargo fixation during efficient transportation.

Product Code: TATD150NM

Specifications
