

## Description

Easyroll Heavy Duty Drum Rack Cradle 300kg is a robust drum cradle engineered with a steel frame and polyurethane wheels and wheel cores, featuring precision ball bearings. It is designed to assist trade professionals in managing heavy loads efficiently, offering a stable platform with all necessary hardware included. Its practical construction supports secure handling of drums, ensuring a reliable platform for various professional applications both indoors and outdoors.

## Features

- Robust steel frame for durable drum cradle support
- Polished silver white black finish enhances visual appeal
- Polyurethane wheel core and wheel ensure smooth mobility
- Precision ball bearings in steel for reliable load handling
- Suitable for both indoor and outdoor drum applications
- Heavy duty hardware included for added structural stability
- Designed to support loads up to 300kg
- Engineered for strength, durability and operational efficiency

**Product Code: TDR275**

### Specifications

Hardware Included	Yes
Outdoor Use	Yes
Indoor Use	Yes
Bearing Type	Ball Bearing
<b>Appearance</b>	
Product Colour	Silver/White/Black
<b>Construction</b>	
Wheel Core Material	Polyurethane
Wheel Material	Polyurethane
Bearing Material	Steel
Frame Material	Steel

### Dimensions

Wheel Diameter (mm)	75
Product Height (mm)	240
Product Width (mm)	835
Product Length (mm)	1035
Handle Height (mm)	410
Wheel Width (mm)	32

### Weights

Product Weight (kg)	15
Load Capacity kg	300.0
