

Description

Colson 150mm Cast Iron Fixed Plate TF Series Castor 190kg is built to provide dependable movement for trade professionals. It features a cast iron wheel with a steel housing and a robust roller bearing set in a single raceway configuration. The fixed plate with swivel attachment ensures secure mounting and smooth manoeuvrability. Suitable for indoor and outdoor applications, it offers practical technical advantages in heavy load management and efficient transport across various professional settings.

Features

- Cast iron wheel core ensures reliable strength and durability
- Solid steel housing and bearings provide robust overall construction
- Roller bearing mechanism promotes smooth and steady swivel motion
- Plate mount design streamlines secure attachment and positioning
- Operates indoors and outdoors for versatile application
- Plate swivel attachment enables easy directional adjustment
- Engineered for precise movement and consistent performance
- Designed to support up to 190kg load capacity

Product Code: TFG150CI15

Specifications
