

## Description

Colson 150mm Cast Iron Fixed Plate TF Series Castor 910kg is a robust solution featuring a plate mount design paired with precision bearings and total braking for secure operation. The silver/blue product incorporates a polyurethane wheel with a nylon core set in a cast iron structure, complete with stainless steel housing and bearings. It meets the needs of trade professionals by providing reliable support for heavy loads in both indoor and outdoor settings.

## Features

- Durable stainless steel housing and bearing for extended use
- Robust cast iron wheel offers exceptional load capacity
- Polyurethane wheel material provides reliable shock absorption
- Precision bearing design ensures smooth total brake performance
- Nylon wheel core supports lasting durability
- Plate mount fitting offers secure attachment and easy swapping
- Total brake delivers precise stopping control when required
- Colson TH Series castor combines robust build with smart design

**Product Code:** TFH150CI15

## Specifications

Outdoor Use	Yes
Indoor Use	Yes
Bearing Type	Precision Bearing
Raceway Type	N/A
Brake Type	Total
Attachments	Plate Swivel Total Brake

## Appearance

Product Colour	Silver/Blue
----------------	-------------

## Construction

Wheel Core Material	Nylon
Wheel Material	Polyurethane
Housing Material	Stainless Steel
Bearing Material	Stainless Steel

## Weights

Product Weight (grams)	4660
Product Weight (kg)	4.66
Load Capacity kg	910.0

## Dimensions

Product Length mm	135
Product Width mm	59
Product Height mm	202
Wheel Diameter	100
Tread Width mm	45
Mounting Hole Dimensions mm	25.5x13
Plate Dimensions mm	150x135
