

Description

Colson 150mm Cast Iron Swivel Plate TS Series Castor 600kg is a precision castor designed for manoeuvring heavy loads. It features a polyurethane wheel with a polypropylene core, paired with a stainless steel housing and precision bearing, and a dual raceway cast iron wheel. The bolt hole swivel and plate mount offer a secure installation and adaptable movement. This castor provides industrial and trade professionals with a reliable solution for effective load handling.

Features

- High-strength stainless steel housing and precision stainless bearings
- Durable cast iron wheels with polyurethane outer composition
- Robust polypropylene wheel cores for improved wheel stability
- Bolt hole swivel attachment allows flexible positioning
- Dual raceway design for smoother and precise movement
- Versatile performance for both indoor and outdoor use
- Castors support 600kg load capacity
- Precision bearing ensures smooth swivel rotation

Product Code: TSH150CI15

Specifications

Outdoor Use	Yes
Indoor Use	Yes
Bearing Type	Precision Bearing
Raceway Type	Dual
Attachments	Bolt Hole Swivel

Appearance

Product Colour	Silver/Blue
----------------	-------------

Construction

Wheel Core Material	Polypropylene
Wheel Material	Polyurethane
Housing Material	Stainless Steel
Bearing Material	Stainless Steel

Weights

Product Weight (grams)	5430
Product Weight (kg)	5.43
Load Capacity kg	600.0

Dimensions

Product Length mm	142
Product Width mm	59
Product Height mm	202
Wheel Diameter	126
Tread Width mm	45
Swivel Radius mm	148
Mounting Hole Dimensions mm	25.5x13
Plate Dimensions mm	150x110
