

Description

Easyroll Steel Platform Hand Trolley 450kg is a steel platform trolley with a light blue finish, incorporating integrated hardware and a ball bearing mechanism for controlled manoeuvrability. Designed for both indoor and outdoor use, it assists industrial and trade professionals in transporting loads safely and efficiently. The trolley features a stable platform and robust construction to support reliable handling in various operational settings.

Features

- High-strength steel frame for robust load handling
- Precision ball bearing wheels improve manoeuvrability
- Suitable for indoor and outdoor applications
- Equipped with hardware for secure assembly
- Load capacity 450kg supports robust transport
- Engineered for smooth rolling performance
- Efficient design reduces effort during load movement
- Easyroll branding assures quality and reliability

Product Code: TSPT450

Dimensions

Product Height (mm)	1530
Product Width (mm)	610
Product Length (mm)	915
Handle Height (mm)	840

Weights

Product Weight (kg)	74
Load Capacity (kg)	450.0

Specifications

Bearing Type	Ball Bearing
Outdoor Use	Yes
Indoor Use	Yes
Hardware Included	Yes

Appearance

Product Colour	Light Blue
