

Description

Easyroll Steel Rocking Trolley 900kg is a robust platform trolley constructed with a steel frame and finished in a black and grey palette. It offers a practical design with integrated hardware for secure load handling and smooth mobility in varied settings. The sturdy construction supports heavy weights and provides a dependable solution for trade professionals seeking reliable, well-engineered equipment to ensure safe and efficient operations.

Features

- Robust steel frame delivers strength and longevity for tough use
- Designed for both indoor and outdoor operational versatility
- Heavy duty capacity supports up to 900kg loads securely
- Meticulous hardware integration provides reliable trolley stability
- Black and grey finish offers a sleek professional appearance
- Swinging design facilitates smooth manoeuvring in confined spaces
- Engineered for practical performance with minimal maintenance requirements
- Simple assembly with included hardware reduces setup time

Product Code: TSRT900

Dimensions

Product Height (mm)	15
Product Width (mm)	610
