

## Description

Easyroll 390 x 390mm Single Safety Step 150kg is designed for users who require a reliable platform for safe passage in various settings. The step is constructed from polypropylene combined with calcium carbonate, resulting in a robust and lightweight unit suitable for both indoor and outdoor use. The bright orange colour enhances visibility, while its single-step design facilitates ease of movement. This product supports a load capacity of 150kg, offering a practical solution for everyday safety needs.

## Features

- Orange step for high visibility and safe use
- Durable polypropylene and calcium carbonate construction ensures longevity
- Compact design supports efficient entry and exit
- Suitable for indoor and outdoor applications
- Slip resistant step surface for user stability
- 390 x 390mm dimensions for efficient spatial planning
- Supports load capacity up to 150kg without added complexity
- Engineered design allows straightforward installation with minimal effort

**Product Code: TSS100**

## Specifications

Outdoor Use	Yes
Indoor Use	Yes
Hardware Included	No
Step Type	Single

## Appearance

Product Colour Orange

## Construction

Product Material 1 Polypropylene/Calcium Carbonate

## Dimensions

Product Height (mm)	365
Product Width (mm)	510
Product Length (mm)	510
Top Platform Dimensions (mm)	390x390

## Weights

Product Weight (grams)	3300
Product Weight (kg)	3.3
Load Capacity kg	150.0
