

Description

Easyroll Spare Wheel to Suit THD250 is a spare trolley wheel designed for indoor use. Constructed with a steel wheel core, carbon ball bearings and polyurethane wheel material, it delivers strength and durability. The spare trolley wheel is engineered with a robust steel hub and precise manufacturing that supports demanding operational tasks in trade environments. It provides reliable technical performance and consistent quality for professional applications.

Features

- Steel hub and core deliver robust performance
- Polyurethane wheels provide low noise and smooth movement
- Ball bearing system reduces friction for efficient glide
- Carbon bearings ensure precise rotation and long service life
- Designed for easy replacement on spare trolley wheels
- Durable grey and black finish resists visible wear
- Precision engineered polyurethane material withstands frequent movement
- Spare wheel design ensures compatibility with Easyroll THD250

Product Code: TSW02

Specifications

Bearing Type	Ball Bearing
Outdoor Use	No
Indoor Use	Yes
Hardware Included	No

Weights

Load Capacity kg	150.0
------------------	-------

Appearance

Product Colour	Grey/Black
----------------	------------

Construction

Wheel Core Material	Steel
Wheel Material	Polyurethane
Bearing Material	Carbon
Hub Material	Steel

Dimensions

Tread Width	58
Axle Bore ID (F)	20
Wheel Width (C)	65
Wheel Diameter (A)	250

Weights

Product Weight (grams)	2050
Product Weight (kg)	2.05
