

Description

Easyroll Spare Wheel to Suit TDOT200 is a spare trolley wheel engineered using a durable plastic core and ground rubber surface, paired with a robust steel ball bearing system and steel hub for reliable performance. Its grey/black finish and thoughtful design support effective maintenance routines in various trade applications. Built for outdoor use, it offers precise manoeuvrability and dependable load management, essential for professionals seeking technical efficiency and durability.

Features

- Ground rubber wheel offers durability with reliable shock absorption
- Precision ball bearing provides smooth rotation for dependable operation
- Plastic wheel core reduces overall weight without sacrificing stability
- Steel hub ensures structural integrity and robust load bearing
- Engineered spare trolley wheel supports reliable replacement functionality
- Dual-colour design offers clear identification within busy workspaces
- Well engineered structure meets demanding operational requirements
- Constructed for outdoor use with robust materials for longevity

Product Code: TSW04

Specifications

Bearing Type	Ball Bearing
Outdoor Use	Yes
Indoor Use	No
Hardware Included	No

Weights

Load Capacity kg	100.0
------------------	-------

Appearance

Product Colour	Grey/Black
----------------	------------

Construction

Wheel Core Material	Plastic
Wheel Material	Ground Rubber
Bearing Material	Steel
Hub Material	Steel

Dimensions

Tread Width	48
Axle Bore ID (F)	20
Wheel Width (C)	60
Wheel Diameter (A)	251

Weights

Product Weight (grams)	5552
Product Weight (kg)	5.552
