

Description

Rocket Steel Twist Knot Wheel 200mm x M22.2 is a precision-engineered twist knot wheel brush designed for effective cleaning, surface treatment and maintenance tasks, providing value to trade professionals. It is constructed from durable steel with a silver finish and performs at speeds up to 8500 RPM in both indoor and outdoor settings. The twist knot design enhances debris removal and contributes to an extended service life, ensuring reliable performance in professional applications.

Features

- Robust steel twist knot construction for efficient material removal
- High-speed operation rated at 8500 revolutions per minute
- 200mm brush width for versatile cleaning applications
- Silver finish enhances visual identification and quality perception
- Constructed with durable steel material for extended longevity
- Engineered for both indoor and outdoor usage versatility
- Precise M22.2 interface ensures secure tool attachment
- High-quality steel wires deliver consistent cleaning action

Product Code: U5201
