

Description

Proval VC Low Lint Wipes are designed for targeted cleaning and surface preparation in specialised settings. Made from polyester and viscose, these disposable wipes combine high absorbency with low lint characteristics and include solvent resistance for reliable performance in cleaning tasks. They serve medical, pharmaceutical, laboratory, clean room, aerospace, transportation, electronics and other applications by delivering consistently controlled cleaning and chemical clean-up results.

Features

- Constructed from polyester and viscose blend for durability
- Disposable wipes for hygienic cleaning and easy use
- Solvent resistant design maintains wipe integrity with cleaning agents
- Low lint formulation minimises debris transfer during application
- Highly absorbent composition ensures swift fluid uptake
- Packet dispenser design offers precise controlled wipe deployment
- White colour highlights cleanliness and visual clarity
- Engineered for diverse cleaning tasks in multiple sectors

Product Code: VC600

Specifications

Disposable	Yes
Dust/Dirt Resistant	No
Solvent Resistant	Yes
Abrasive	No
Chemical Free	Yes
Low Lint	Yes
Dispenser Type	Piece

Standards

Manufactured to ISO9001 Management Systems	Yes
Food Safe (HACCP Certified)	No

Appearance

Product Colour	White
----------------	-------

Construction

Product Material 1	Polyester
Product Material 2	Viscose

Dimensions

Product Length (mm)	320
Product Width (mm)	600
Material Thickness (mm)	0.37

Weights

Product Weight (grams)	660
