

Description

Easyroll 80mm Polypropylene Wheel Plain Bearing 80kg is designed to provide reliable mobility and load-handling in professional applications. It incorporates a fully polypropylene wheel and hub with a steel precision bearing, ensuring smooth rotation and durability. Suitable for both indoor and outdoor use, it offers consistent performance and ease of movement for industrial and trade professionals. Its robust construction and practical design support tasks requiring dependable wheel performance.

Features

- Polypropylene construction ensures robust durability in challenging settings
- Precision steel bearings deliver smooth rotation with minimal friction
- Designed for consistent performance in both indoor and outdoor environments
- Polypropylene hub and core offer exceptional impact resistance
- 80mm wheel size optimises manoeuvrability in limited spaces
- Uniform design contributes to balanced load distribution
- Black finish provides a clean, professional appearance
- Efficient integration supports a load capacity of 80kg

Product Code: W00G80

Specifications

Bearing Type	Precision Bearing
Outdoor Use	Yes
Indoor Use	Yes
Hardware Included	No

Weights

Load Capacity kg	80.0
------------------	------

Appearance

Product Colour	Black
----------------	-------

Construction

Wheel Core Material	Polypropylene
Wheel Material	Polypropylene
Bearing Material	Steel
Hub Material	Polypropylene

Dimensions

Tread Width	30
Axle Bore ID (F)	8
Wheel Width (C)	30
Wheel Diameter (A)	80

Weights

Product Weight (grams)	81
Product Weight (kg)	0.081
