

Description

Easyroll 160mm Grey Rubber Wheel Roller Bearing 160kg is engineered with a nylon wheel core, a durable rubber wheel and a steel/polyamide roller bearing that ensure consistent performance and reliable motion. Designed for trade professionals, it enables precise handling and efficient operation across diverse settings. Its construction facilitates smooth movement in both indoor and outdoor areas, supporting dependable equipment performance and streamlined tasks.

Features

- Durable grey rubber wheel for versatile indoor and outdoor applications
- Nylon wheel core promotes robust performance and long service life
- Roller bearing design ensures smooth, reliable movement
- Engineered with nylon and rubber for balanced impact absorption
- Steel and polyamide bearings ensure even load distribution
- Designed for practical handling in versatile workspace layouts
- Wheel supports heavy-duty load up to 160 kilograms
- Designed for smooth operation on varied surface types

Product Code: W06R160

Specifications

Bearing Type	Roller Bearing
Outdoor Use	Yes
Indoor Use	Yes
Hardware Included	No

Weights

Load Capacity kg	160.0
------------------	-------

Appearance

Product Colour	Grey
----------------	------

Construction

Wheel Core Material	Nylon
Wheel Material	Rubber
Bearing Material	Steel/Polyamide
Hub Material	Nylon

Dimensions

Tread Width	23
Axle Bore ID (F)	12.2
Wheel Width (C)	41
Wheel Diameter (A)	160

Weights

Product Weight (grams)	973
Product Weight (kg)	0.973
