

## Description

Easyroll 100mm Nylon Wheel Plain Bearing 100kg is a silver and white product that integrates a nylon wheel design with a robust nylon hub and polished stainless steel ball bearings. The wheel is engineered for smooth manoeuvring and heavy load applications, enabling efficient movement and versatility in various operational settings. It meets the demands of trade professionals by providing reliable performance and ease of hardware installation.

## Features

- 100mm wheel diameter supports efficient movement
- Nylon wheel material delivers durable, lightweight construction
- Stainless steel ball bearings lower friction during operation
- Nylon hub provides stable rotational support
- Plain bearing design enables straightforward installation
- Silver white finish offers unobtrusive aesthetic integration
- Complete hardware package allows rapid mounting
- Engineered for a 100kg load capacity

**Product Code: W48G100SS**

### Specifications

Bearing Type	Ball Bearing
Outdoor Use	Yes
Indoor Use	Yes
Hardware Included	Yes

### Weights

Load Capacity kg	100.0
------------------	-------

### Appearance

Product Colour	Silver/White
----------------	--------------

### Construction

Wheel Core Material	Nylon
Wheel Material	Nylon
Bearing Material	Stainless Steel
Hub Material	Nylon

### Dimensions

Tread Width	34
Axle Bore ID (F)	8.4
Wheel Width (C)	32
Wheel Diameter (A)	100

### Weights

Product Weight (grams)	192
Product Weight (kg)	0.192
