

## Description

Easyroll 75mm Nylon Wheel Plain Bearing 80kg is built using a robust nylon wheel, hub and core combined with stainless steel ball bearings to deliver precise performance in transport and material handling tasks. The silver and white finish contributes to its neat appearance for both indoor and outdoor use. Designed for ease of installation and consistent operation, this product offers technical advantages and reliability that support practical applications for industrial and trade professionals.

## Features

- Engineered with premium nylon wheel and hub construction
- Includes stainless steel ball bearings for smooth rolling
- Plain bearing design provides reliable motion in varied settings
- Robust stainless steel parts deliver long-lasting rolling performance
- Silver and white finish with professional modern aesthetics
- Designed for both indoor and outdoor applications
- Easy integration with standard fixtures and setups
- Complete hardware package included for prompt installation

**Product Code: W48G75SS**

## Specifications

Bearing Type	Ball Bearing
Outdoor Use	Yes
Indoor Use	Yes
Hardware Included	Yes

## Weights

Load Capacity kg	80.0
------------------	------

## Appearance

Product Colour	Silver/White
----------------	--------------

## Construction

Wheel Core Material	Nylon
Wheel Material	Nylon
Bearing Material	Stainless Steel
Hub Material	Nylon

## Dimensions

Tread Width	33
Axle Bore ID (F)	12.1
Wheel Width (C)	32
Wheel Diameter (A)	75

## Weights

Product Weight (grams)	112
Product Weight (kg)	0.112
