

Description

Easyroll 100mm Urethane Wheel Ball Bearing 100kg is an industrial wheel featuring a blue thermoplastic polyurethane wheel with carbon ball bearings and a core and hub made from polypropylene. It offers reliable manoeuvrability and a 100kg load capacity for smooth material transfer. Designed for trade professionals, the product delivers consistent performance in both indoor and outdoor applications, supporting efficient movement and precise handling in varied operational settings.

Features

- Blue thermoplastic polyurethane wheel for robust rolling applications
- Polypropylene core and hub enhance overall structural integrity
- Carbon ball bearing ensures smooth and reliable rotation
- Designed for both indoor and outdoor environments
- Supports load up to 100kg
- 100mm wheel diameter fits in restricted spaces
- Engineered for low maintenance and reliable operation
- Quality manufacturing and design assured by Easyroll brand

Product Code: W64B100

Specifications

Bearing Type	Ball Bearing
Outdoor Use	Yes
Indoor Use	Yes
Hardware Included	No

Weights

Load Capacity kg	100.0
------------------	-------

Appearance

Product Colour	Blue
----------------	------

Construction

Wheel Core Material	Polypropylene
Wheel Material	Polyurethane
Bearing Material	Carbon
Hub Material	Polypropylene

Dimensions

Tread Width	32
Axle Bore ID (F)	8
Wheel Width (C)	38
Wheel Diameter (A)	100

Weights

Product Weight (grams)	198
Product Weight (kg)	0.198
