

Description

Easyroll 150mm Red Urethane Cast Iron Wheel Precision Bearing 750kg is designed for precision bearing performance and ease of movement. Manufactured by Easyroll, this super heavy duty wheel features a cast iron core and hub combined with a polyurethane exterior and steel ball bearings, ensuring reliable durability. The product supports rigorous use by trade professionals in commercial applications while offering complete hardware for straightforward installation and maintenance.

Features

- Durable cast iron core with polyurethane wheel surface
- Steel ball bearings enable precise low friction rotation
- Heavy duty construction supports 750kg load capacity
- Engineered hub offers extra strength and stability
- Suitable for indoor and outdoor surface use
- Integrated hardware simplifies mounting and installation process
- Robust materials ensure reliability in demanding operating conditions
- Striking black red finish complements professional equipment aesthetics

Product Code: W95K150

Specifications

Bearing Type	Ball Bearing
Outdoor Use	Yes
Indoor Use	Yes
Hardware Included	Yes

Weights

Load Capacity kg	750.0
------------------	-------

Appearance

Product Colour	Black/Red
----------------	-----------

Construction

Wheel Core Material	Cast Iron
Wheel Material	Polyurethane
Bearing Material	Steel
Hub Material	Cast Iron

Dimensions

Tread Width	50
Axle Bore ID (F)	13
Wheel Width (C)	65
Wheel Diameter (A)	150

Weights

Product Weight (grams)	2600
Product Weight (kg)	2.6
