

Easyroll 200mm Red Urethane Cast Iron Wheel Precision Bearing 1000kg

Description

Easyroll 200mm Red Urethane Cast Iron Wheel Precision Bearing 1000kg is a super heavy duty wheel featuring a cast iron core, polyurethane surface and precision ball bearings with a cast iron hub and steel hardware. Designed for robust load manoeuvring, it supports smooth movement and technical precision in various professional applications. The product offers dependable performance and durability for trade professionals who require a reliable, high-capacity solution for handling demanding loads both indoors and outdoors.

Features

- Robust cast iron core ensures lasting structural integrity
- Polyurethane wheel body provides durability and reliable performance
- Precision steel ball bearings support smooth rotation
- Integrated hub cast iron construction for robust design
- Suitable for indoor and outdoor operational use
- Precision engineered hardware included for ease of installation
- Red urethane finish enhances visibility and surface protection
- Designed for transporting loads up to 1000kg capacity

Product Code: W95K200

Specifications

Bearing Type	Ball Bearing
Outdoor Use	Yes
Indoor Use	Yes
Hardware Included	Yes

Weights

Load Capacity kg	1000.0
------------------	--------

Appearance

Product Colour	Black/Red
----------------	-----------

Construction

Wheel Core Material	Cast Iron
Wheel Material	Polyurethane
Bearing Material	Steel
Hub Material	Cast Iron

Dimensions

Tread Width	50
Axle Bore ID (F)	13
Wheel Width (C)	65
Wheel Diameter (A)	200

Weights

Product Weight (grams)	6000
Product Weight (kg)	6
