

## Description

Easyroll 280mm Black Rubber Wheel Precision Bearing 300kg is a heavy duty wheel featuring a steel core and hub, paired with a polyurethane wheel and precision ball bearings. Its metal centred design ensures smooth, steady mobility across various surfaces. Suitable for both indoor and outdoor use, it delivers reliable load-bearing capacity and durable performance, making it a practical solution for industrial and trade professionals focused on efficient movement and robust technical applications.

## Features

- Steel wheel core provides strong structural integrity
- Polyurethane material ensures long-lasting wear resistance
- Precision ball bearing provides smooth rotation
- Heavy duty design supports loads up to 300kg
- Easyroll brand assures reliable manufacturing quality
- Metal centred wheel enhances stability and balance
- Suitable for indoor and outdoor use
- 4-ply rating indicates enhanced load-bearing durability

**Product Code: WHD280**

## Specifications

Bearing Type	Ball Bearing
Ply Rating	4
Outdoor Use	Yes
Indoor Use	Yes
Hardware Included	No

## Weights

Load Capacity kg	300.0
------------------	-------

## Appearance

Product Colour	Black
----------------	-------

## Construction

Wheel Core Material	Steel
Wheel Material	Polyurethane
Bearing Material	Steel
Hub Material	Steel

## Dimensions

Tread Width	65
Axle Bore ID (F)	25
Wheel Width (C)	100
Wheel Diameter (A)	280

## Weights

Product Weight (grams)	5300
Product Weight (kg)	5.3
