

Easyroll 250mm Urethane Cast Iron Fixed Plate X1 Series Castor 2000kg

Description

Easyroll 250mm Urethane Cast Iron Fixed Plate X1 Series Castor 2000kg is designed for efficient material handling in diverse trade settings. It features a combination of steel housing and precision bearings with durable cast iron wheel cores and polyurethane wheels for smooth rolling and robust performance. The rigid plate mount system supports controlled manoeuvrability while the caster's construction optimises operational efficiency and reliability for professionals.

Features

- Cast iron core supports polyurethane wheel rotation
- Precision steel bearings ensure reliable smooth movement
- Steel housing provides robust protection for internal components
- Plate mount fitting guarantees secure rigid installation
- Single raceway design ensures balanced load transfer
- Polyurethane wheel material offers increased abrasion resistance
- Outdoor and indoor use expands operational versatility
- Colour scheme enhances visual identification and differentiation
